

## Vaughan Crane Training Schools

Vaughan Crane Training Schools - We have designed lots of Mobile Crane Operation programs at our Crane Training Schools. These programs are recommended for the skilled operator who requires certification or re-certification, and for inexperienced operator who is searching for work in the business. Crane operator positions are high due to their high pay. Operators of cranes are amongst the highest paid of whatever operator of heavy machinery.

Our Crane Training Schools feature training and instruction for different mobile cranes. Course subject comprises Wire Rope, Crane Set-up, Lift Planning, Load Dynamics, Load Charts, Rigging, and Signaling.

The program is best for crane operators, riggers as well as their supervisors. The materials incorporated in the course would include a guidebook and various useful handouts. The illustrated safety manual consists of one hundred to two hundred fifty pages, which depends on the course, of important and helpful material. Course materials include load charts and load chart exercises for the crane with which the person training is working.

More than half of the course involves Hands-On Safety Training. Practical training is helpful for developing and increasing personnel skills levels. Only qualified journeyman crane instructors are chosen to teach the courses. Our instructors possess many years of experience in the business.

For all the course we provide, we could include optional testing mechanisms to customize your training. A test for skills is normally administered for programs that consist of H.O.S.T. Trainees would be tested and graded.

We offer certified training programs for the following cranes: Lattice Boom/Crawler Cranes; Fixed and Swing Cab Mobile Hydraulic Cranes; Rigging / Signalperson Training and Certification; Articulated Boom / Knuckleboom Cranes; Testing & Certification; and In-The-Seat Training.
